PROFESSIONAL EXPERIENCES

2020 – Present

Interior Designer at Maison Levyathan

Actively involved in the conceptualization and design of interior spaces. My responsibilities included collaborating with the design team, conducting site visits, and creating detailed drawings and plans.

Interior Design - Freelance

The whole end-to-end process: starting by defining the customer needs, making designs proposals (including construction, electricity, sanitary plans), advise the customer about different materials as well as create customized furniture and carpentry, following the progress of the project until delivery.

3D interior design for luxury projects:
bathroom and entry for a project at Gindi, Sarona

Art Director at Nativ

Creative direction for Nativ concept's: capturing individual life stories. I manage the design, layout, and the entire printing process, including cover fabric choices.

Graphic Design - Freelance

Branding designer: define strong visual identity for different brands and use it for multiple supports from logo to advertisements, banners, website and printed catalogues.

Content Creator - Freelance

Managing the visual content for instagram client (mostly interior designers and architects), shooting their different projects and create a harmonious instagram grid.
